Every year our District conducts a **joint ISO event** which though initially was done individually by Clubs has now been consolidated into one program to save on costs and make it convenient for all members to attend. This is an event which every member of Inner Wheel District 323 looks forward to with great eagerness. This year I have planned a lot of activities which will keep our members enthused and which I am sure you will also have fun coordinating and putting together along with me.

1. Grand ISO Event in the month of September - Since Inner Wheel believes in unity and fellowship, the theme for this year's Mega Event is “**Pangea - The Seven Continents**”. We will have groups of our clubs representing the 7 continents - Asia, Africa, Europe, Australia, North America, South America and Antarctica. 7 Clubs will be allotted one topic each and the time limit is 10 minutes per topic. So you can do a combined group presentation involving all the Clubs for 10 minutes. The presentation can include dance, music, skits, speeches, anything creative to showcase your talents.

**Let loose your creativity and come up with interesting presentations.**

**Clubs are free to do individual ISO programs too without joining the mega ISO program.** Please inform me about the same in advance

2. **Visit to Sri Lakshmi Narayani Golden Temple, Vellore** - On 3rd November, we plan to visit Vellore. The City plus Clubs will be hosting us and IWC Vellore and IWC Vellore North are the lead host Clubs. We plan a visit to the temple, Sri Lakshmi Narayani Golden Temple. Interesting games and events will also be conducted.

**Gear up for a one day outing which promises fun unlimited.**

3. **Naari Shakti Event** - On the 10th of January, to commemorate International Inner Wheel Day we plan to organise a Women Entrepreneurship Networking Event. The pandemic has enabled lots of women from our clubs to start small businesses and medium enterprises from home. They are willing to be inspired by role models and gain from the experience of other women in the business sector, but, the roadblock for them today is non-availability of networks and mentors which limits their professional growth. With the help of this event, they can showcase their small businesses to all the members of Inner Wheel. Each participant gets allotted a fixed time to talk about their business on stage.
4. **2 day trip to Chettinad** - A 2 day visit to Chettinad will be planned in the month of March. We will be covering the top tourist attractions, palaces and museums and indulging in the lip smacking Chettinad delicacies of the region .
5. **DJ Night** - Having fun is never complete without shaking a leg. Planning for a DJ night maybe in the month of April.
